

Eventinterface, a full-featured conference planning and attendee engagement platform that lets you easily promote your conferences, manage your attendees, create more revenue and engage your participants in powerful communities. Eventinterface was founded on the belief that event technology should be affordable for all planners, provide a comprehensive and easy to use toolset, and help facilitate exceptional human connections.

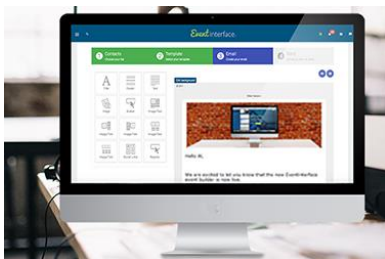

MEET EVENTINTERFACE

MANAGE ATTENDEES

Create custom registration microsities

Use our easy-to-use event builder to create beautiful and responsive microsities for your conferences and events. Incorporate video, graphics and content that engages your prospect attendees and encourages registration.

PROMOTE YOUR CONFERENCES

Deploy tools to market your conference

Design and distribute invitations, conference promotions and content using our full-featured email-marketing module. Track engagement and target your campaigns for optimal success.

OPTIMIZE ATTENDEE ENGAGEMENT

Build powerful communities

Create engaging conference programs, distribute content, connect attendees and discover leads. Engage and nurture all of your participants before, during and after your conferences, creating influential communities around your cause, product or brand.
